	<hr/>
	\$2,665 91

STATE ROADS.

There has been expended on account of state roads, season of 1909, under the direction of the state engineer, \$3,260.39. Of this amount the state contributed \$654.00, less \$87.40 used

by the state engineer for surveys, plans, inspection, etc. About 3,100 feet of approved road have been built as follows: About 1,500 feet at North Walpole, district No. 2, at cost of \$1,655.66. About 1,600 feet in district No. 14, from Leonard Hill (so called), northerly towards Cold River, at cost of \$1,604.73. The district highway surveyors had immediate charge of the work at \$2.50 per day of 9 hours; teams with driver, \$4.00 per day of 9 hours; laborers, \$1.75 per day of 9 hours.

A statement was received from the state engineer, February 18, giving approximate amount to be raised by town of Walpole in 1910 if the town applies for state aid as follows:

Set apart for permanent improvement from amount	
raised for highways,	\$1,846 00
Additional amount to be raised to receive state aid,	923 00
Contribution from state,	692 25
	<hr/>
Total joint fund, 1910,	\$3,461 25

F. A. SPAULDING,
Treasurer.

We, the undersigned auditors, chosen by the town to settle with the selectmen and treasurer, have examined their accounts and find them correctly cast and properly vouched.

GEO. E. SHERMAN,
GEO. BALLAM.

REPORT OF COMMITTEE ON TOWN LIBRARY,

For the Year ending March 1, 1910.

The whole number of volumes now on the catalogue is 10,093, of which 295 have been added during the past year. Of this number 155 have been purchased with the annual appropriation, 10 have been purchased with the income of the Mrs. F. A. Carpenter fund, and 130 have been presented by various donors, a list of whom is printed with this report. Special mention should be made of the gift of the Century dictionary and bookcase to hold it, from Mr. Morris B. Belknap of Louisville, Ky. A gift of 250 volumes, the "General Society of Mechanics and Tradesmen of the City of New York," has been received through the kindness of John E. Nicholson. Only a few of these have as yet been catalogued. Many of them will soon be placed in the North Walpole branch. The thanks of the town are due to all who have presented books during the year.

The attendance at the main library for the year 1909 was 9,179.

The number of volumes taken out in 1909 was 11,098, divided as follows:

Main library,	8,759
North Walpole branch,	2,139
Drewsville branch,	200
	<hr/>
	11,098

The branch at North Walpole has been carried on as usual with Miss Anna C. Hartnett as librarian. The branch at Drewsville has been cared for by Mr. Henry E. Putnam. Both branches have been of great value in their localities.

The library has been kept open during the winter from 12 to 1 on days on which the village schools have been in session, and has been used freely by the pupils in the schools. Besides giving a comfortable resort for the pupils during the noon hour, this plan has made it more convenient for those living out of the village to take out books.

The reading room has been well patronized during the year. The usual variety of magazines has been purchased from the reading room fund, which is maintained by voluntary subscriptions. Henry G. Wheelock of Brookline, Mass., has continued to present the "Century," "Strand," and "World's Work." Other donations have been "Technical World" from Rev. S. R. Maxwell, "Literary Digest," from Mrs. J. G. Bellows and "Our Dumb Animals," from Mrs. W. C. Banning.

An appropriation of \$500 is recommended for the coming year.

Library Committee.

REPORT OF
WALPOLE CEMETERY COMMITTEE,

For the Year ending March 1, 1910.

The usual care has been taken during the last year of the Village cemetery, and the cemeteries on Carpenter's hill and in Drewsville. George H. Holden has had charge of the Village cemetery, E. C. Belden has cared for the Drewsville cemetery and the Lovell lots located there, and H. C. Towne has had charge of the cemetery on Carpenter's hill. Lots cared for by the income of funds and legacies have been kept mowed with a lawn mower and enriched in the fall.

During the year the town has received four funds for the care of lots in the Village cemetery. A fund of \$100.00 was received from the estate of Mary F. Rogers for the care of the Farnum-Rogers lot. Mary C. Fisher of Drewsville, gave a fund of \$100.00 for the care of the lot in which her father, Joseph Fisher, is buried, and Joseph J. Shaw of Cambridge, Mass., gave a fund of \$100.00 for the care of the lot in which his father, Ansel Shaw, is buried. A fund of \$500.00 was received from the estate of Winslow G. Barnett for the care of lots of Winslow G. Barnett, Holland D. Fay, John Barnett, Robert Barnett and Frederick Kilburn.

Six lots have been given out during the year to heads of families applying for them.

It has not been necessary to use the annual appropriation of \$100 and this amount has not been drawn from the town treasurer.

Your committee wishes to lay out and build a new avenue well up on, and running along the side of the hill in the Village cemetery, which will make available for use a number of new lots. To construct this road and do the usual work in the cemetery, an appropriation of \$150 is recommended for the coming year.

Financial Report of Walpole Cemetery Committee,
For the Year ending March 1, 1910.

There were a year ago, besides a supervisor of music and drawing, twenty teachers in the employ of the district. Fourteen of the same teachers and six new ones are now on our pay-roll. Thus we have retained seventy per cent of the teach-

ers employed last year. The operation of the educational bill, passed by the last legislature, will doubtless materially aid us in increasing that per cent from year to year. With even so large a proportion of trained teachers in our schools, the work has in general progressed with little friction.

Pursuant with the recommendations in my last report, you have allowed me to make material changes in the courses of study offered to the pupils in the high school. These courses, now in force, as approved by the superintendent of public instruction, are indicated on preceding page.

You will observe as innovations, agriculture and domestic science.

As every girl rightfully should, and usually does, expect eventually to become a home maker, the domestic science course has proven very popular with that sex. It only remains for us to make it as profitable as possible. The family is the unit of society. The family and the home are inseparable. Its welfare is commensurate with the prosperity of the nation. Whatever art or science we can incorporate in this course, the mastery of which will tend to make the home more ideal, can but prove a boon to the individual and a benefit to society. For our direction in this matter, I believe we should follow intelligently the example of some of our larger villages and cities, which have arrived at definite conclusions from a larger and broader experience than ours. I do, therefore, recommend for your serious consideration the advisability of the extension of this course by the introduction of domestic arts, as an elective, into from two to four of the upper grades, thereby leaving the pupils of the high school free to pursue the more scientific phases of the subject.

At the instigation of one of the ladies of our village, this line of our work has received a most generous financial support from both our permanent and our summer residents as well as the support of an active intelligent interest. Without the expense of a cent to the district, we have a well equipped and attractive domestic science kitchen, nor have we been obliged

to call upon the taxpayers for a cent for the purchase of materials. This hearty unsolicited cooperation in this work on the part of our citizens is by far the most auspicious circumstance I have to record.

It would seem that a slight appropriation for the support of a cause in which the public is so intensely interested could not be amiss.

Our agricultural course has not been so favored by circumstances.

Few artisans, mechanics, or professional men encourage their sons to follow their vocations and the farmer is no exception to the rule. Although every boy expects in time to become a producer, unfortunately, the boy from our farms, either because of natural taste, education, or home influence, probably the last two, seldom ever while a boy intends to become a farmer. Consequently, the number of boys now pursuing the course is small. Agriculture is today the leading occupation of the people of this country and must remain one of the foremost for all time. The agriculturists of today were born and bred on the farms. This will doubtless be true of the next generation of farmers. From chance or choice many of the boys now on our farms are going to remain there. They should have offered them and encouraged to elect that education which will best aid their material, social and intellectual advancement. This is the aim of the agricultural course, as offered, and if found not suitable for the purpose, will be changed to meet the requirements. We hope and expect that this course will eventually not only prove popular with our own boys but attract many other boys from the neighboring towns, where the high schools do not offer this kind of an education.

The school is as yet without any outdoor equipment for agricultural work. I would advise the immediate procuring, by lease, of a field suitable for the purpose and of easy access from the school.

The school district of Walpole owns seven schoolhouses which are now in use. These house daily while school is in

session over six hundred of our children. It would probably cost from forty to sixty thousand dollars to replace these buildings today. One hundred dollars was appropriated for repairs last year. It is just as false economy for a school district to thus stint itself on expenditures for repairs as it would be for a private individual who owned the same amount of property in dwelling houses. Not only should the roofs be kept water tight but the rooms should be clean, comfortable and attractive. In a great majority of the rooms, the desks should be scraped and varnished, in some of the rooms the walls and ceilings need attention, especially at North Walpole, and a few of the rooms need different blackboards. A little should be done in this line each year and one hundred dollars is not enough for this purpose.

In my last report I recommended an effort being made to improve our barge service. At a meeting of the board held in August, it was voted that the service of the contractors in order to meet with the requirements of the board should have the approval of your superintendent. I then believed and am still of the opinion that this service can be easier controlled and rendered more satisfactory if the barges are the property of the district. Acting on this belief I collected in cash and promises over six hundred dollars to be expended on new barges. I have purchased one from the Delphi Wagon Works of Delphi, Indiana. Although this carriage is of a pattern built for the particular purpose of transporting school children, I have decided to look farther before expending the balance of the funds. When the spring term opens I hope to have three new barges to offer to you, as custodians of the district's property.

You frequently hear the criticism, given almost as a complaint, that our schools are costing us more and more from year to year. In refutation of this statement, I ask you to consider the following statistics gathered from the last three N. H. School Reports, viz: 1903-4, 1905-6 and 1907-8.

Rate of school assessment for Walpole per \$1,000: 1904, \$9.03; 1906, \$8.41; 1908, \$7.65. Equalized valuation per pupil

of average attendance: 1904, \$3,350; 1906, \$3,306; 1908, \$3,403. In other words, you had in 1904, \$3,350 worth of property to tax for each child of average attendance in your schools and your tax rate for school purposes was \$9.03 per \$1,000. Six years later, in 1908, your equalized valuation had been increased but \$53, yet your assessment for school purposes had fallen to \$7.65.

These were to me startling figures as doubtless they will be to you, but even more surprising are the following. In the N. H. School Report of 1907-8, in the list of average current expenditures, in which list the school districts are given from lowest expenditure to highest, Walpole is number 153 in 257 school districts in the state. Although our transportation bill is a large one, yet it costs us for schools but little above the average per pupil throughout the state.

Thus, in judging of the economy of the outlay on our schools, if we take into consideration the estimate of their efficiency, recently given by high authority, we ought to be quite well satisfied with the results obtained.

In closing I wish to tender my thanks to the board for their hearty cooperation and for the confidence they have placed in me, to the teachers for their readiness to act upon my suggestions and for their helpfulness in making my work pleasant, and to the people in general for their hospitality.

Respectfully submitted,

LOUIS DEWITT RECORD,

Supt. of Schools, Walpole-Westmoreland-Langdon Supervisory District.

REPORT OF THE SCHOOL BOARD.

To the Town School District of Walpole:

Your school board herewith submits its annual report. As we look back over another year of school work we believe it

has been a year of progress. We have entrusted the care of our schools to a large extent to our superintendent and he has reported the work of the year. We ask your careful and thoughtful attention to his report.

Our financial report shows the expenditures for the year. We have kept within the appropriation. The district debt has been reduced thirteen hundred dollars. A water system has been installed at North Walpole, although not quite completed at this time.

We have endeavored to expend the money of the district to the very best advantage, to care for the property of the district entrusted to our keeping and to maintain the high standard and efficiency of our schools.

Respectfully submitted,

CHARLES H. BARNES, Chairman,
CHARLES J. O'NEIL,
JAMES E. CARROLL,
JOHN W. GRAVES, .
JOHN H. TAGGARD,
CHARLES E. BECKWITH,

JOHN H. WILLIAMS,
Treasurer.

I hereby certify that I have examined the accounts of the school board and treasurer of the town school district and have found them correctly cast and properly vouched.

ARTHUR P. DAVIS.

February 21, 1910.

STATE OF NEW HAMPSHIRE.

Cheshire, ss.

To the inhabitants of the town of Walpole, qualified to vote in town affairs:

You are hereby notified to meet at the town house, in said town of Walpole, on Tuesday, the eighth day of March, next, 1910, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1.—To choose a town clerk for the ensuing year.

Art. 2.—To choose selectmen, assessors, auditors, sealer of weights and measures, fence viewers, and all other necessary officers for the ensuing year.

Art. 3.—To raise money for the support of the poor, town library, cemeteries, to build and repair highways and bridges, and for such other current and incidental expenses as may accrue.

Art. 4.—To see what action the town will take in regard to accepting state aid for building highways.

Art. 5.—To see if the town will authorize its selectmen to raise money on the notes of the town as needed for current expenses, in anticipation of the receipt of taxes for the year, and also in order to meet expenses not foreseen at the time of making the yearly estimates.

Art. 6.—To see if the town will vote to exempt from taxation money loaned the town by its citizens, at a rate not exceeding five per cent.

Art. 7.—To see if the town will vote to appropriate a sum not exceeding twenty-five dollars, to defray the expenses of decorating the graves of deceased soldiers with flags and flowers in Walpole cemeteries, May 30.

Art. 8.—To act upon any account that may be presented.

Art. 9.—To transact any other business that may legally come before said meeting.

Given under our hands and seal at Walpole, this nineteenth day of February, A. D., 1910.

WILLIAM J. HALL,
ALFRED E. GODSOE,
ARTHUR E. WELLS,
Selectmen of Walpole.

A true copy—Attest:

WILLIAM J. HALL,
ALFRED E. GODSOE,
ARTHUR E. WELLS,
Selectmen of Walpole.

[SCHOOL WARRANT.]

STATE OF NEW HAMPSHIRE.

To the inhabitants of the town school district of Walpole, qualified to vote in district affairs:

You are hereby notified to meet at the town house, in said Walpole, on Saturday, the nineteenth day of March, 1910, at two o'clock in the afternoon, to act upon the following subjects:

1st.—To choose a moderator for the ensuing year.

2nd.—To choose a clerk for the ensuing year.

3rd. To choose two members of the school board for a term of three years.

4th.—To choose a treasurer for the ensuing year.

5th.—To choose one or more auditors for the ensuing year.

6th.—To see what sums of money the district will vote to raise and appropriate for the support of schools, repairing schoolhouses, payment of district debt and interest thereon, and for other district expenses.

7th.—To see if the district will vote to renew the contract with Bellows Falls high school, for the tuition of high school pupils from North Walpole, and pass any vote thereon.

8th.—To hear the report of any committee, officers, or agents heretofore chosen, and pass any vote in relation thereto, and transact any other business that may legally come before said meeting.

Given under our hands at said Walpole, this 25th day of February, 1910.

CHARLES H. BARNES,

JOHN W. GRAVES,

CHARLES J. O'NEIL,

JAMES E. CARROLL,

CHARLES E. BECKWITH,

School Board of Walpole.

VITAL STATISTICS.

To the Selectmen :

In compliance with an act of the legislature, passed June session, 1887, amended by the legislature of 1899, requiring "clerks of towns and cities to furnish a transcript of the record of births, marriages and deaths to the municipal officers for publication in the Annual Report," I hereby submit the following:
